Queen of months, Our lovely Fairy Queen! Thy magic wand, sunshine and shower Decks shrub and tree with leaf and flower, Thou merry June.

Thy sunny days are full of joy, And quiet peace without alloy; The fragrance of thy blossoms are Beyond compare. Thou laughing June.

On zephyrs soft that fan the cheek, Float joyous birdsongs gay and sweet, With tender trills to brooding mate; Oh, fair indeed is our dear State. While thine thou fleeting June.

THE HEAVIEST TICKET

Taft and Sherman Weigh In at 500 **Pounds**

In spite of the fact that Secretary Taft has often laughingly declared that "No real gentleman weighs more than 300 pounds," his solid bulk, combined with the compact frame of his running mate, James S. Sherman, makes the heaviest ticket ever put forward by any National party. The two men together tip the scales at something not far short of 500

The record before this was held by the Democrats on the strength of the avoirdupois of Grover Cleveland.

When nominated in 1892 Mr. Cleveland weighed about 275 pounds, but the small figure

of Adlai Stevenson kept the total around 425

The exact weight of the big Secretary is not known, though the popular guess is not far short of the "limit of gentility" set by himself. Mr. Sherman weighs a good 200

SUNDAY'S ECLIPSE

Get Your Smoked Glass Ready to See the Sun's Shape

For more than three hours next Sunday morning Old Sol will go into partial eclipse and his face will be almost obscured when the eclipse is at its height. The eclipse will be visible throughout all of North America, South of latitude 60, South America, North of the Equator, parts of the Atlantic and Pacific oceans, Southwestern Europe and West Africa.

The fact that the moon is now almost at its greatest distance from the earth will cause it to appear directly in front of the sun, though it will not conceal it. Across Mexico, the Gulf and Florida, the eclipse will be most nearly total, the area where a central observation may be made being about 300 miles wide.

The eclipse will begin about 8:30 a. m., Maysville time, and will reach its greatest degree at 10:36 o'clock. The eclipse will end at 12:13 p. m. When the eclipse is at its height about three-fourths of the face of the sun will be covered and the greater part of the United States will pass into semi-obscurity.

The eclipse will begin at the right edge of the sun and will gradually cover the lower part of the disc. At its height the moon will transform the sun into a crescent of a width about a third the diameter of the sun. The shape of the sun will be readily seen through moked glasses.

PRINCETON, N. J., June 24th.—Grover Cleveland, former President of the United States, died suddenly at his home at Westland here at 8:40 this morning. Death was due to heart failure, complicated with other diseases. The passing away of Mr. Cleveland was not immediately announced, but was delayed until an official statement had been prepared by the physicians who had been attending him in the various periods of his illness.

While Mr. Cleveland had been seriously ill from time to time, the announcement of his death came like a thunderbolt to those who had been watching his illness. Last night there was a feeling among the friends of the Clevelands that something was seriously wrong with the ex-President. This was occasioned by a visit of Dr. Bryant of New York, Mr. Cleveland's physician for many years. Mrs. Cleveland later in the evening, discussing Dr. Bryant's visit, said that there was no occasion for alarm and that Mr. Cleveland was getting along nicely. This reassurance totally unprepared their friends for the announcement of his death.

Mrs. Cleveland was at home when her dis tinguished husband passed away. The children are at the Cleveland summer home at Tamworth, N. H., in charge of Mrs. Perrine, Mrs. Cleveland's mother. The Clevelands came here from Lakewood, where the former President lay sick for many weeks, on June 1st, and intended to go to their summer home as soon as Mr. Cleveland had gained sufficient strength

The funeral will be held on Friday, June 26th, at Westland, Mr. Cleveland's residence on Bayard Lane, Princeton, and will be strictly private.

THE COP WINS

A Dandy Foot Race Between a Colored Girl and Policeman

An amusing incident occurred vesterday morning about 10 o'clock in Third street between Sutton and Market in which Policeman Tom Sentency and a young colored girl were the central figures

It seems the girl had found a gold necklacebelonging to Mrs. John Newell's little daughter and had made way with it and was not disposed to divulge the manner of its disposition, and the Officer had her in charge wending his

way to the Jail to lock her up. When opposite Sheriff Mackey's office the girl made a dash for liberty and started up Third street at a grand burst of speed. The movement was unexpected and took the Officer by surprise, but he quickly took up the chase and hot-footed it after the fleeing girl in gallant style, and was invigorated to his best efforts by the cheering acclaims of twenty or more who witnessed the contest.

It is a mooted question as to whom belongs the honor as to speed, for the girl quit when in the lead and seemingly had her pursuer winded and beaten.

After surrendering and giving up she was marched off to Jail, the Officer retaining a. tight grip on her arm in order to prevent. another breakaway
